

DECLARATION of INDEPENDANCE

It has become very apparent the Man and Woman created equal in the eyes of the law and our creator, of the alleged country land mass known as CANADA, in the province of British Columbia, have been lied to, deceived, usurped, and enslaved by the de facto government. Who are attempting to claim power and authority over the man and woman who created the government, which they believed to be a de jure government for the protection of the man and woman of the alleged country known as CANADA.

However this alleged de jure government has committed many atrocities against the man and woman who created it. Such atrocities as, injury in the form of, extortion, fraud, theft, poisoning of the man and woman's food, water, air, earth, all vegetation, and nature in general. Also, the attempt to steal our unalienable rights.

It is now time for the man and woman as they are entitled to, against a tyrannical government, remove and replace the treasonous politicians and corrupt persons. This needs to be accomplished in order for the man and woman to continue to pursue living life as our creator intended. The pursuit of life, liberty, land, and happiness.

Therefore as of this date, January 1st, the year 2021, we the sovereign man and woman of the territorial land mass known as British Columbia, have come to realize the de facto government of the alleged country CANADA, has no jurisdiction over man and woman. The said de facto government has no jurisdiction or any deciding input on any issue regarding the sovereign land mass now known as, British Columbia and, are to cease and desist immediately, all crimes against humanity, so say we the people of British Columbia.

From; the Common Law Court of we the people on the territorial land mass known as British Columbia.
